

SIDE MOUNT TANK UNITS for AGRICULTURAL TRACK DRIVE TRACTORS

500 or 600 gallon unit

FEATURES

- Demco's slim-line polyethylene tanks come in two sizes: 250 or 300 gallon capacities. They feature a dual jet agitator, sump, molded sight gauge and fillwell with a no-splash cover.
- Demco brackets come with saddles, tank bands, carrier brackets and all necessary bolts for complete installation.
- Demco's centrifugal plumbing kits feature single section or three section electric control panel. Included are 1 1/4" EPDM suction hose and 3/4" EPDM outlet hose to your implement.
- Transport width: 16' 6"

NOTE: Do not exceed the tractor manufacturer's frame load capacity recommendation

"QUICK TACH" SIDE MOUNT TANK UNIT for STANDARD TWO-WHEEL DRIVE TRACTORS

400 or 500 gallon unit

FEATURES

- Demco's slim-line polyethylene tanks come in two sizes: 200 or 250 gallon. Tanks feature a dual jet agitator, sump, molded sight gauge and fillwell with a no-splash cover.
NOTE: Exhaust manifold should be shielded from tanks.
- Demco "Quick Tach" brackets come with saddles, tank bands, carrier brackets and all necessary bolts for complete installation. The undercarriage is bolted to the tractor and can remain on the tractor while the tanks can be removed quickly and easily. The heavy duty brackets allow you to carry a total of 400 or 500 gallons.
- Demco's centrifugal plumbing kits feature single section or three section electric control panel. Included are 1 1/4" EPDM suction hose and 3/4" EPDM outlet hose to your implement.
- Transport width: 14'

NOTE: Do not exceed the tractor manufacturer's frame load capacity recommendation.
