

SEEDING SOLUTIONS by KASCO

THE VARI-SLICE....

The most Versatile Overseeder on the Market

KOS-723 shown with optional Native Grass Box

No Matter what Your Seeding Application:

- *Golf Courses*
- *Sports Turf*
- *Pasture Overseeding*
- *New Construction*
- *Roadside Work*
 - *Food Plots*
- *Rental Applications*

*The Vari-Slice is
The Solution.*

Kasco's Vari-Slice offers precision seed placement and seed-to-soil contact, ensuring excellent germination in existing stands of grass or in new turf applications.

Our unique design lets you easily vary the width of the seed groove by adjusting the disc angle.
